Select 8900 window styles were recognized as Most Efficient by ENERGY STAR® in 2023. The Most Efficient distinction identifies products that offer cutting-edge energy efficiency and represents the best-performing ENERGY STAR windows available.

SERIES 8900 DOUBLE HUNG WINDOWS INDUSTRY-LEADING PERFORMANCE

Our very best window, the Series 8900 double hung window offers premium enhancements as standard features, along with an array of options for cosmetic, thermal and functional upgrades.

- + **Exclusive InsulKor™** polyurethane fiberglass-enriched sash reinforcement for superior thermal and structural performance
- + **¾" constant force coil balance** offers incredibly easy sash mobility
- + **Fusion-welded sashes and frame** add strength and boost insulation
- + **Low-E glass** with insulating argon gas yields outstanding thermal efficiency
- + **DP 60 rating** (window size tested 36" x 74")
- + **Beveled mainframe** offers a stylish exterior appearance
- + **Dual push-button night latches** position sashes for optimal ventilation
- + **Integrated slim-line lift rail** allows you to easily operate sash
- + **4 ¼" frame thickness** enhances appearance as well as structural integrity
- + **External accessory groove** accommodates nail fin option
- + **Extruded full screen** is standard and removable from the inside*
- + **Dual low profile, positive-action cam locks** increase security (2 locks standard at 27 ¼" width or wider)
- + **Full interlocking lock and meeting rail**
- + **Full vinyl sash dam on sill** and high-performance weather stripping protect against air infiltration
- + **3.25" jamb depth** for ideal window sizing
- + **Transferable limited lifetime warranty**
- + **Lifetime glass breakage warranty**

For advanced performance and cosmetic appeal, the 8900 offers a wealth of options:

- + **Low-E Glass**
- + **Ultra Low-E Glass + Argon Gas**
- + Triple-pane, R-5 compliant glass panels with Low-E Glass + Argon Gas or Ultra Low-E Glass + Argon Gas
- + InsulKor™ multi-cavity foam-filled frame
- + Nail fin accessory for use in remodeling or new construction applications
- + Window Opening Control Device (WOCD) for fall prevention
- + Today's nine most popular painted exterior colors (on white interiors)
- + Three interior wood laminates in cherry, light oak or dark oak
- + Additional lock colors to complement any interior color
- + ⅝" or 1" contoured, ⅝" or ¾" flat, or 1 ⅛" simulated divided lite (SDL) grid
- + Obscure or double-strength glass
- + Charcoal aluminum, clear view and heavy duty screen mesh*

- + XO or OX 2-lite styles available
- + Half screen comes standard*
- + 2.625" jamb

COMPLEMENTARY SHAPES AND STYLES

TO ENHANCE YOUR HOME'S BEAUTY

Casement & Awning Windows

Casement and awning windows lend a clean, modern look to contemporary homes, cottages or bungalows.

- + Beautiful, beveled exterior frame perimeter
- + Low profile handle folds in and provides a popular aesthetic appeal
- + Narrow profile permits expanded viewing area
- + Fusion-welded frame and sash for weather-tight performance
- + Full-perimeter double weather stripping
- + Low-E glass and insulating argon gas provide superior thermal efficiency
- + Insulated glass panels featuring warm-edge spacer system
- + Casement windows open 90 degrees for better ventilation
- + Extruded full screens mount on the interior and are removable*
- + Tandem locks standard on all casements over 34" in height
- + Available colors are white or almond
- + Jamb depth: 3.25"
- + Lifetime glass breakage warranty
- + Transferable limited lifetime warranty

CUSTOM Options

- + Low-E Glass
- + Ultra Low-E Glass + Argon Gas
- + Obscure or double strength glass
- + 2" simulated meeting rail
- + Charcoal aluminum mesh screen*
- + Interior laminates, exterior painted colors and decorative hardware available (see Series 8900 for available colors; black paint not available for casement and awning)

Garden Windows

Our sunny garden windows provide a lovely, practical space for plants or decorations.

- + Multi-point locking system (dual locking points standard on heights over 36 ¾")
- + E-Gard chemical and corrosive resistant finish hardware
- + All exposed areas of the wood jambs are completely covered with vinyl cladding
- + Roof panel features safety-laminated glass
- + 2 ½" pre-mitered ranch-style pine casing included
- + Wood bracing included for proper installation
- + 17 ½" depth from outside wall
- + Available colors are white or almond
- + Transferable limited lifetime warranty

CUSTOM Options

- + Low-E Glass
- + Low-E Glass + Argon Gas
- + Custom sizes available
- + 5/8" box grids between the glass
- + Oak veneer frame
- + Oak casing
- + Sill muffler
- + Glass Plant Shelf (50" and under)
- + Wire Plant Shelf (over 50")
- + Lifetime glass breakage warranty

Bay & Bow Windows

Bay windows and bow windows provide a picture-perfect, three-dimensional space for a cozy window seat, breakfast nook or plant ledge to complement any home's decor.

- + **Bay windows** may be positioned at 30° or 45°
- + **Bow windows** are positioned at 15°
- + All units come completely assembled and ready for installation
- + Choice of double-hung or casement windows to flank picture window
- + **Screens included** on all operable flankers*
- + **1" birch head and seat board** come standard
- + **Available colors are white and almond**
- + **Transferable limited lifetime warranty**

CUSTOM Options

- + **Low-E Glass**
- + **Low-E Glass + Argon Gas**
- + **Ultra Low-E Glass + Argon Gas**
- + Custom sized on 1/8" increments
- + Beveled or leaded glass (in picture windows only)
- + Obscure, tempered and double strength glass available
- + 5/8" or 3/4" flat grids between the glass, 5/8" or 1" contoured between the glass, or 1 1/8" simulated divided lite (SDL) grids available
- + Grid patterns: colonial, prairie, perimeter prairie, diamond or custom patterns
- + Oak head and seat board
- + Color options available with selected window series

Hopper Windows

The all-welded Series 600 Basement Hopper Window is available in white with clear glass and features dual tilt latches. The window is available in three stock sizes: 32" x 15 1/2", 32" x 19 1/2" or 32" x 23 1/2"

Architectural Shapes

Create a window system that truly stands out—from octagons and trapezoids to full circles, half rounds, eyebrows and more, we can custom craft any specialty window to fulfill your visions.

- + **Standard sizes are available** plus a full range of architectural options to accommodate any building style, from colonial to contemporary, from Cape Cod to Southwest
- + **Factory mulling** is at your calling for quick, hassle-free installation
- + **Available colors: white or almond**
- + Interior wood laminate (light oak, dark oak or cherry), bronze exterior laminate

ENERGY STAR VERSION 7.0 – EFFECTIVE DATE 10/23/2023

Low-E Glass

Low-E glass is coated with a microscopic layer of silver that reflects radiant solar energy while permitting visible light to pass through the glass, providing more comfort and lower energy costs.

Low-E Glass + Argon Gas

Argon gas works like an insulating blanket between two panes of glass to further improve thermal efficiency and decrease outside sound levels.

Ultra Low-E Glass + Argon Gas

Choose our ultimate glass package for optimal energy efficiency and maximum cost savings. Ultra Low-E glass offers three invisible layers of silver coating in addition to the superior thermal performance of argon gas.

Triple-Pane, R-5 Compliant Glass

Triple-pane, R-5 compliant glass with Super Spacer® sealant system provides industry-leading thermal resistance, noise reduction and protection from the sun. The Series 8900 offers this option with both Low-E glass with argon gas or Ultra Low-E glass with argon gas, for the ultimate in insulation.

- + Low-E glass reduces heat gain from the sun in the summer, keeping your home cooler.
- + In the winter, Low-E glass lets the warm solar rays in while blocking the heat in your home from getting out.

Available ENERGY STAR glass packages optimize performance, savings and comfort, no matter where you live.

energy efficient
